

A BEQUEST TO THE AUSTRALIAN ROTARY HEALTH RESEARCH FUND

YOUR GREATEST GIFT

The Australian Rotary Health Research Fund is a registered charity which has become one of Australia's largest non-government source of funding for medical research. We encourage all of our supporters to consider us in the form of a bequest and provide a Bequest Kit to those who request it. We also put them in touch with legal advisors who can assist them pro-bono as required.

Please contact us to find out more about the many areas of medical research we are helping to fund.

Get your Free Bequest Kit!

Phone Ted Atkinson at the Australian Rotary Health Research Fund on – (02) 8837 1900, or email: tedatkinson@arhrf.org.au
